This action is in response to the application filed 11/19/03.

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Paul Rusyn on 6/22/05.

The application has been amended as follows:

Cancel Claims 15-21.

Allowable Subject Matter

2. Claims 1-14 are allowed.
3. The following is an examiner's statement of reasons for allowance:

Claims 1 and 8 limit the formation for forming narrow trenches where first trenches are formed in a substrate, the surfaces are thermally oxidized thus narrowing the trench openings, filled with an etchable material, planarized, and then etching the etchable material and silicon between the thermal oxide as well as the oxide at the trench bottom and the exposed silicon to produce narrow trenches. This limitation, in combination with

Art Unit: 2813

the other limitations of claim 1 is not taught or suggested by the prior art of record.

Larcher (US 20020052092A1) performs a similar process, but fills the trenches with material rather than thermally oxidizing the exposed silicon to further narrow the opening. Noble (US006211039B1) thermally oxidizes the exposed silicon and fills the trenches with an etchable material, but re-masks to etch at a different angle to under cut the silicon and produce silicon islands rather than re-etch to produce thinner trenches.

Claims 2-7 are allowed as being properly dependent upon allowed claim 1.

Claims 8-14 are allowed as being properly dependent upon allowed claim 8.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
